About SLS Community

Like everyone, neurodivergent individuals seek to lead full lives. They deserve access to housing, support services, employment, community, recreation, and MOVEMENT! SLS Community is working to meet this need by integrating these essential resources into the fabric of an inclusive community called Cato Springs. Proceeds and donations will propel the immediate growth of SLS Community's current residential and day services for neurodivergent adults in Fayetteville as we bring this vision to life.

Register today as a racer or volunteer at slscommunity.org/sls-dash
