

SLS DASH & Fun Run

26

NOV. 7, 2026

Kessler Mountain Regional Park, 2600 WC 200, Fayetteville, AR 72701

In Memory of Ashton McCombs III

Join us in creating a brighter future. By sponsoring the fourth annual SLS Dash 5K for Neurodiversity, your company can help expand critical services, housing options, and opportunities for neurodivergent adults and their families in Northwest Arkansas.

Like everyone, neurodivergent adults seek to lead full lives. They deserve access to housing, support services, employment, community, and recreation. Many neurodivergent adults with intellectual and/or developmental disabilities require substantial supportive infrastructure and services to realize their full potential in a world designed for neurotypical people. The need for person-centered services, housing, and employment options exceeds the available resources, creating a phenomenon known as the “services cliff” as individuals enter adulthood and often leaving them and their families in a programmatic, financial, and personal crisis.

SLS Community is working to meet this need by integrating these essential resources into the fabric of an inclusive community called Cato Springs. Proceeds and donations will propel the immediate growth of SLS Community's current residential and day services for neurodivergent adults in Fayetteville as we bring this vision to life.

We can take meaningful steps toward a future filled with greater opportunities for neurodivergent adults and their families. Join us as we run towards that vision together!

This race winds through this future home of SLS, nestled below the rolling hills stretching from Mount Kessler at “Mile Zero” of the Razorback Greenway. Runners of **all abilities** gather to compete, celebrate community, support inclusive fitness opportunities for neurodivergent individuals, and have fun!
