Is your company willing to make incredible things possible? By sponsoring the third annual SLS Dash 5K for Neurodiversity, you have the power to help transform the lives of neurodivergent adults and their families in Northwest Arkansas.

Your generous contribution propels us toward our vision for the future: a “live, work, play” community where neurodivergent adults can find meaningful work, housing options, and have access to supportive services that fuel choice and independence, as well as learning life skills needed to thrive. In the immediate future, your gift will go directly towards supporting a new program that SLS is launching out of its Flourish Center called Program Forge. This program is an individualized vocational equipping and job placement program to support neurodivergent adults to forge a path towards placement and sustained success in employment. This unique program will help meet the needs of individuals who have been unserved or under-served and provide them with the skills and supports to flourish in their individually chosen goals and environments.

Together, we can create a future brimming with boundless opportunities and possibilities. Join us as we run towards a brighter tomorrow for neurodivergent adults and their families.
